Description

Accenture Jobs For Freshers

Accenture, a global leader in professional services, is seeking a passionate and driven Junior Web Developer to join our dynamic team! In this exciting role, you'll contribute to the development and maintenance of high-quality web applications, collaborating with a talented team and gaining valuable experience in the ever-evolving tech landscape. If you're eager to learn, possess a strong foundation in web development principles, and have a desire to make a real impact, we encourage you to apply!

Accenture Jobs near me

Responsibilities:

- Develop and maintain web applications using various front-end and back-end technologies (e.g., HTML, CSS, JavaScript, Python, Java).
- Work closely with designers, project managers, and other developers to translate design concepts into functional and user-friendly web experiences.
- Write clean, well-documented, and maintainable code adhering to best practices and coding standards.
- Conduct unit testing and participate in integration testing to ensure application quality and functionality.
- Stay up-to-date with the latest web development trends and technologies through continuous learning.
- Contribute to code reviews and knowledge sharing within the team.

Accenture Careers

Skills:

- Bachelor's degree in Computer Science, Information Technology, or a related field (preferred).
- Proficiency in HTML, CSS, and JavaScript.
- Familiarity with back-end development concepts and at least one server-side programming language (e.g., Python, Java).
- Understanding of web development frameworks and libraries (e.g., React, Angular) is a plus.
- Strong problem-solving, analytical, and critical thinking skills.
- Excellent communication and collaboration skills to work effectively in a team environment.
- Eagerness to learn, adapt, and stay updated with the latest technologies.
