Description

Capgemini Recruitment 2024

As an Information Security Executive at Capgemini, you'll be more than just a security expert; you'll be a strategic advisor, a proactive defender, and a trusted guardian of the company's most valuable asset: its information. You'll work alongside diverse teams to implement robust security protocols, analyze potential threats, and respond swiftly to any attacks, ensuring Capgemini's digital fortress remains impregnable. This is your chance to be at the forefront of cybersecurity, where your expertise safeguards not just data, but the trust of millions.

Capgemini Jobs near me

Responsibilities:

- **Strategic Guardian:** Collaborate with stakeholders across Capgemini to identify security risks, assess vulnerabilities, and implement mitigation strategies aligned with industry best practices.
- **Threat Hunter:** Analyze security logs, monitor threat intelligence, and stay ahead of evolving cyber threats, proactively taking steps to prevent breaches and attacks.
- **Incident Response Leader:** In the event of a security incident, lead the response team, effectively containing the threat, minimizing damage, and ensuring a swift and secure recovery.
