About Infosys

Infosys is a global leader in next-generation digital services and consulting, with a purpose to enable clients in 45 countries navigate their digital transformation journey. For over three decades, Infosys has been at the forefront of technological advancements, helping businesses leverage the power of AI, automation, and cloud computing to achieve unprecedented levels of performance. Driven by a culture of innovation and client centricity, Infosys empowers businesses to not only survive but thrive in today's dynamic digital landscape.

Why Join Infosys as a Team Lead?

This is your opportunity to step into a leadership role within a dynamic and collaborative team at Infosys. As a Team Lead (Remote), you'll play a pivotal role in guiding, mentoring, and inspiring your team members to deliver exceptional results for our clients. You'll have the chance to leverage your technical expertise, project management skills, and leadership qualities to foster a high-performing and results-oriented environment.

Infosys offers a unique work culture that values continuous learning, professional development, and employee well-being. Here, you'll be surrounded by talented colleagues who are passionate about technology and innovation. We provide a comprehensive benefits package that includes competitive salaries, health insurance, paid time off, and opportunities for career growth.

Infosys Jobs near me

Job Summary:

We are seeking a highly motivated and experienced Team Lead to join our growing team. In this remote position, you'll be responsible for leading, mentoring, and motivating a team of talented professionals. You'll play a key role in project planning, execution, and ensuring timely and high-quality delivery of projects for our clients.

Key Responsibilities:

- Provide leadership, guidance, and mentorship to team members, fostering a collaborative and high-performing work environment.
- Develop and maintain a strong understanding of project requirements, ensuring alignment with client needs.
- Create and manage project plans, timelines, and budgets, ensuring efficient resource allocation and adherence to deadlines.
- Assign tasks, delegate responsibilities, and track team progress towards project goals.
- Conduct performance reviews, provide feedback, and identify opportunities for team member growth and development.
- Identify and manage risks, proactively addressing any potential roadblocks to project success.
- Facilitate effective communication between team members, stakeholders, and clients.
- Monitor and analyze project performance, identifying opportunities for improvement and process optimization.
- Stay up-to-date with the latest industry trends and technologies relevant to the team's domain.

Required Skills and Qualifications:

- Bachelor's degree in Computer Science, Information Technology, or a related field (or equivalent experience).
- Minimum of 5+ years of experience in a technical domain relevant to the specific team (e.g., software development, data analytics, cloud computing).
- Proven experience in leading and managing a team of technical professionals.
- Excellent project management skills, including experience with project planning, budgeting, and risk management methodologies (e.g., Agile, Waterfall).
- Strong analytical and problem-solving skills.
- Excellent communication, collaboration, and interpersonal skills.
- Ability to prioritize tasks, manage time effectively, and work independently while also leading a team.
- Proficiency in relevant technical tools and technologies (specific tools will vary based on the team).

Experience:

This position is open to both experienced professionals and those seeking to transition into a leadership role. While experience as a Team Lead is preferred, strong technical skills, project management experience, and leadership potential can be considered.
