Description

Job Vacancy in Mankind Pharma

About Mankind Pharma

Mankind Pharma is a leading Indian pharmaceutical company with a mission to provide high-quality, affordable healthcare solutions. Founded in 1995, they've grown into a major player, offering a wide range of products across pharmaceuticals, over-the-counter medications, and fast-moving consumer goods. Their vision is to be among the top 3 pharma companies in India, and they're constantly innovating to bring better health to people around the world.

The Position: Research Assistant

Are you curious and have a passion for science? Do you dream of contributing to the development of life-saving medications? If so, then the Research Assistant position at Mankind Pharma might be the perfect fit for you!

In this role, you'll play a vital role in supporting the company's research and development (R&D) team. You'll assist scientists with various tasks, gaining valuable experience in the pharmaceutical industry. This is a fantastic opportunity to learn from experts and contribute to meaningful work that can make a positive impact on people's lives.

Mankind Careers

Ready to Apply?

The application process is simple. Just submit your resume and cover letter online. In your cover letter, tell us why you're interested in the position and what you can bring to the Mankind Pharma team.

Join Us and Make a Difference!

This is an exciting opportunity to launch your career in the pharmaceutical industry. If you're a curious and motivated individual with a passion for science, then we encourage you to apply! We look forward to hearing from you.

General Overview

As a Research Assistant at Mankind Pharma, you'll be a key member of the R&D

team. Your day-to-day tasks will involve:

- **Assisting with research projects:** You'll work closely with scientists on various research projects, following their instructions and helping them complete experiments.
- **Conducting experiments:** You may be involved in setting up experiments, preparing samples, and collecting data.
- **Data analysis:** You'll learn to use basic data analysis tools to organize and interpret experimental results.
- **Preparing reports:** You'll assist in creating reports that summarize research findings and conclusions.
- **Maintaining research documentation:** You'll help keep research records organized and up-to-date.

We're looking for someone who is:

- A recent science graduate (B.Sc. or M.Sc.) in Biology, Chemistry, Pharmacy, or a related field.
- Detail-oriented and organized, with a keen eye for accuracy.
- A strong team player with excellent communication skills.
- Eager to learn and grow in a fast-paced environment.

Whether you're a fresher or have some lab experience, this is a great opportunity to:

- Gain valuable hands-on experience in pharmaceutical research.
- Work alongside experienced scientists and learn from the best.
- Contribute to meaningful projects that can make a positive impact on people's health.
- Be part of a growing and dynamic company with a bright future.
